

Navy Year 2000 Tracking System (NY2KTS)
Software Release Notes
Version 2.3.03
6 April 1999

Software Change Description:

SCR #:	Description of Change
99-33	Added a Systems/POR Status Summary Report to the NY2KTS Main Menu. This option gives "Live" up to date statistics on all Mission Critical Systems and Mission Support Systems for the U.S. Navy & Marine Corps. Users can also query this on a specific Claimant to determine their own assessment for their command.
99-34	Added 4 new report options to the Facilities & Infrastructure (F&I) Reporting Menu (RPT_MENU_ICD). They are: <ul style="list-style-type: none">• F&I Summary Report (By Claimant, Activity UIC) – Provides Summary statistics for F&I devices grouped by Claimant and Activity• F&I Summary Report (By Claimant) – Provides the same Summary statistics as the previous report except only gives totals for the Claimancy• F&I Phase and Strategy Report (By Claimant, Activity UIC) – Provides Summary statistics for F&I devices seperated by Phases and Strategies grouped by Claimant and Activity• F&I Phase and Strategy Counts (By Claimant) - Provides Summary statistics for F&I devices seperated by Phases and Strategies grouped only by Claimant
